

## GRATITUDES FROM *REGIONS*

I am Svetlana student's mother. I want to thank Young Women Leadership Institute for giving our girls chance to get knowledge. For this time my daughter has learned much from your teachers. Thank you for organizing this educational center and not leaving the children, who have not means to be highly educated. I wish your organization to be successful, to prosper in the future and I wish you to give children from background necessary knowledge they need in their life.

Thank you very much

## THANKING.

This program helped our children to get some knowledge and education, which will help, in their future lives.

We want to express our sincere gratitude for carrying out such a thankful program. Let us thank all the organizers and supporters of the program.

We hope the program will have continuation and other girls of such families as ours will be educated.

Sincerely  
Parents of girls from Armavir

We are two sisters from Ashtarak- Smeda and Arusyak Ediganyan. We took part in a course of study of « Young Women Leadership Institute ». We knew a lot during these classes. We learned English, Computer and etc. We especially liked «Ethics» and Sewing. Our wonderful teachers Mrs. Armine taught us Armenian culture, literature and art. We made dolls, candles and other beautiful things ourselves. She also organized a lesson about the life, activity and art of Aram Khachaturyan and poetry of Charentz. It was dedicated Women's day. She brought us books about Armenian artists; we got acquainted with Hovhannes Aivazovski, Minas Avetisyan, and others' works. We also got acquainted with the history of our town-Ashtarak and visited historical places and churches. We were prepared to be good mothers. We learned a lot during these seven months. The Internet opened for us new horizons; we can know news and information. We want to express our gratitude all of you for organizing and supporting this program. Thank you.
